

# ACCESSING YOUR CCPU REIMBURSEMENT FUND BENEFITS

## **COVERED CALIFORNIA**

Your guide to getting across the benefits finish line with Covered California coverage.

## PROGRAM ELIGIBILITY REQUIREMENTS

Below are the three criteria you need to meet in order to be eligible for these program benefits:

## CARE OF STATE-SUBSIDIZED CHILDREN

Providers must be paid for the care of a state-subsidized child in order to qualify for this benefit. To qualify initially, a provider must have been paid for the care of a child receiving state-subsidy for three out of six months, according to the program lookback periods. In order to remain enrolled in this program after initial eligibility, a provider must continue to receive payments for the care of a subsidized child for one of three months, according to the program continuing eligibility lookback period.

## ENROLLED IN A QUALIFIED HEALTH PLAN

This program is NOT health insurance, but a benefit that works with your health insurance. To be eligible, a provider must be enrolled into one of the following health plan types: Covered California Silver-level HMO, Medi-Cal, Medi-Cal and Medicare (Medi-Medi), Medicare Advantage, Employer-sponsored coverage through an employer (as an employee, spouse or dependent), Veterans Affairs, TRICARE (Prime, Select, Reserve Select, Retired Reserve), TRICARE for Life, and carrier-direct Silver-level HMO (if you are not eligible for Covered California).

## SUBMIT A PROGRAM APPLICATION

This program is designed exclusively for childcare providers in the state of California. To have your information reviewed and your eligibility determined, you must submit an application online or via paper go directly to <a href="https://www.ccpuhealth.org/apply">www.ccpuhealth.org/apply</a>.

## COVERED CALIFORNIA SPECIFIC BENEFITS

## PREMIUM REIMBURSEMENT

Providers enrolled in a Covered California silver-HMO as their qualified health plan will receive total reimbursement of their monthly premium expenses. If the provider is enrolled with their family, the fund will only reimburse the provider's portion of the premium expenses. These funds must be spent on eligible expenses and **cannot** be withdrawn as cash.

## **OUT-OF-POCKET EXPENSE REIMBURSEMENT**

Providers are eligible for \$9,450 annually to pay for their eligible healthcare expenses. As a rule, these funds may be used to reimburse copays, coinsurance, and deductibles, as well as prescription drug copays, coinsurance and deductibles. It cannot be used to cover any service or charge not covered by your insurance. It must be deemed an eligible expense to be approved.

## **DEBIT CARD**

Providers approved for the Healthcare Reimbursement Fund will receive a debit card to access their benefits. This means that you can swipe your benefit card for eligible expenses at the time of service to avoid spending your own money out of pocket. It is important you obtain and retain proper receipts in the event you need to provide a receipt of your purchases.

## REQUEST FOR REIMBURSEMENT

Providers approved for the Healthcare Reimbursement Fund can also request reimbursement for eligible expenses they paid out of pocket for. If you paid an office visit co-pay out of your own pocket, you can request to be reimbursed by direct deposit or check. The date of service must be during the time you were enrolled in this program. Please remember to always keep your receipts.

## CCPU DENTAL AND VISION BENEFITS

All providers approved for the Health Care Reimbursement Benefit plan will be automatically enrolled into a Dental and Vision plan through MetLife, free of charge.
